2. You have 14 days from the date of receipt to return your item.
3. You have these 14 days to assess whether your item is suitable. Different systems have different weapons standards. Round headed arrows and hybrid weapons for example are not suitable for use at all systems but that does not make them "not fit for purpose." You must still make that assessment and return them within 14 days - UNUSED.
4. 14 days after receipt you have "Accepted" the item.
